# Saif Powertec Limited

## Notes to the financial statements (un-audited) for the period ended 31 March 2017.

### 1. Reporting entity

Saif Powertec Limited (hereinafter referred to as 'the company') was incorporated on 29 December 2003 as a private limited company under Companies Act 1994. The company has since been converted into a public limited company vide a special resolution of the shareholders in their extra ordinary general meeting held on 28 June 2010. The registered office of the company is 72, Mohakhali, Rupayan Centre (8th Floor), Dhaka 1212.

### 1.1 Nature of business

Principal activity of the company is to carry on business of infrastructure-support service. The company is also engaged in importing, trading, assembling and installing generators, sub-stations, electrical equipment and grid-lines, installation and erection of power plants as well as acts as a berth/ terminal operator for operation of Chittagong Container Terminal (CCT) and New Mooring Container Terminal (NCT) of Chittagong Port Authority (CPA)

### 1.2 Subsidiary company

Saif Plastic & Polymer Industries Limited, a subsidiary company of Saif Powertec Limited was incorporated on 13 November 2010 as a private limited company under Companies Act 1994 with an authorised capital of Taka 200,000,000 divided into 20,000,000 ordinary shares of Taka 10 each and paid up capital of Taka 100,000,000. Saif Powertec Limited holds 80% shares of Saif Plastic & Polymer Industries Limited (the subsidiary). The registered office of the subsidiary is located at 72, Mohakhali, Rupayan Centre (8th Floor), Dhaka 1212. Saif Plastic & Polymer Industries Limited has started its commercial operation during the year.

Subsidiaries are entities controlled by Saif Powertec Limited (The Company). Control exists when Saif Plastic & Polymer Industries Limited has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights presently exercisable are taken into account. The financial statements of Saif Plastic & Polymer Industries Limited have been included in the consolidated financial statements from the date that control commences until the date that it ceases.

### 1.3 Basis of consolidation

The financial statements of the company and its subsidiary, as mentioned in note 1.2 have been consolidated in accordance with Bangladesh Financial Reporting Standard (BFRSs) 10 "Consolidated Financial Statements" The accounting policies of the subsidiary have been changed when necessary to align them with the policies adopted by the group.

#### Transactions eliminated on consolidation

The financial statements of the subsidiaries has been consolidated in accordance with Bangladesh Financial Reporting Standard (BFRSs) 10 "Consolidated Financial Statements" Intra-group balances and transactions, and any unrealized income and expenses arising from intra-group transactions, have been eliminated in preparing the consolidated financial statements. Unrealized gains arising from transactions with associates are eliminated against the investment to the extent of Saif Powertec Limited's (The Company) interest in the investee. Unrealized losses, if any, are eliminated in the same way as unrealized gains, but only to the extent there is no evidence of impairment.

#### Non-controlling Interest

During the year statement of financial position, statement of comprehensive income, and statement of cash flow has been consolidated on the basis of audited financial statements. Total profits of the Company and its Subsidiary are shown in the Consolidated Statement of Profit or Loss & Other Comprehensive Income with the proportion after taxation pertaining to non-controlling shareholders being deducted as "Non-

All Assets and Liabilities of the company and of its subsidiary are shown in the consolidated statement of financial position. The Interest of Non-controlling shareholders of the subsidiary is shown separately in the consolidated statement of financial position under the head "Non-controlling Interest".

## 1.4 Risk exposure

### a. Interest rate risk

Interest rate risk is the risk that company faces due to unfavorable movements in the interest rates. Changes in the government's monetary policy, along with increased demand for loans/investments tend to increase the interest rates. Such rises in interest rates mostly affect companies having floating rate loans or companies investing in debt securities.

#### Management perception:

The company has been repaying borrowed funds on a continuous basis to reduce such interest risk.

### b. Exchange Rate Risk

Exchange rate risk occurs due to changes in exchange rates. As the company imports equipment from abroad and also earns revenue in foreign currency, unfavorable volatility or currency fluctuation may affect the profitability of the company. If exchange rate is increased against local currency opportunity will be created for generating more profit.

#### Management perception:

Saif Powertec Limited changes the price of their services in accordance with the change in exchange rate to mitigate the affect of unfavorable volatility in exchange rate on the company's earnings.

### c. Industry risks

Industry risk refers to the risk of increased competition from foreign and domestic sources leading to lower prices, revenues, profit margins, market share, etc which could have an adverse impact on the business, financial condition and results of operation.

#### Management perception:

The Company continuously carries out research and development (R&D) to keep pace with the customer choices and fashions. As a local company, Saif Powertec Limited has a unique understanding of the requirements of its clients and customers and as such, shall continuously position itself as the first choice to its domestic market. Many foreign companies which wish to enter the Bangladesh market will seek Saif Powertec Limited as competitor.

### d. Market Risks

Market risk refers to the risk of adverse market conditions affecting the sales and profitability of the company. Mostly, the risk arises from falling demand for the product or service which would harm the performance of the company. On the other hand, strong marketing and brand management would help the company increase their customer base.

#### Management perception:

The needs for power, construction and infrastructure support services will continue to grow much faster in a developing country than other developed markets in the world. Strong management, timely and quality service has enabled the company to capture significant market share in the sector. And the company is continuously penetrating the market and upgrading the quality of their service to minimize the risk

### e. Technology Related Risks

Technology always plays a vital role for each and every type of business. Better technology can increase productivity and reduce costs of production. Firms are exposed to technology risks when there are better technologies available in the market than the one used by the company which may cause technological obsolescence and negative operational efficiency.

#### Management perception:

The Company is aware of technological changes and has adopted new technology according to its needs. Furthermore, routine and proper maintenance of the equipment carried out by the Company ensures longer service life for the existing equipment and facilities

### f. Potential or Existing Government Regulations

The company operates under Companies Act 1994 and other related regulations, Income Tax Ordinance 1984, Income Tax Rules 1984, Value Added Tax Act 1991 and Value Added Tax Rules 1991. Any abrupt changes of the policies made by the regulatory authorities may adversely affect the business of the company.

#### Management perception:

Since the Company operates in power, energy and infrastructure sector, the Government regulations are mostly investment-friendly. However, unless any policy change that may negatively and materially affect the industry as a whole, the business of the Company is expected not to be affected. As it is a thrust sector, it is highly unlikely that the Government will frustrate the growth of the industry with adverse policy measures

**g. Operational risks**

Non-availability of materials/equipment/services may affect the smooth operational activities of the company. On the other hand, the equipment may face operational and mechanical failures due to natural disasters, unforeseen events, lack of supervision and negligence, leading to severe accidental losses, etc.

**Management perception:**

The company's equipment is under insurance coverage in order to get reasonable compensation for any damages. Apart from these, routine security check and proper maintenance of the equipment also reduce/eliminate the operational risk.

**2. Basis of preparation**

**2.1 Statement of compliance**

The financial statements have been prepared in accordance with Bangladesh Accounting Standards (BAS), Bangladesh Financial Reporting Standards (BFRS) and Companies Act 1994, Income Tax Ordinance 1984, Income Tax Rules 1984, Value Added Tax Act 1991 and Value Added Tax Rules 1991, Bangladesh Securities and Exchange Rules 1987 and other related regulations. Any abrupt changes of the policies made by the regulatory authorities may adversely affect the business of the company.

**2.2 Basis of measurement**

The financial statements have been prepared on historical cost basis except financial assets and liabilities which are stated at "fair value".

**2.3 Functional and presentational currency**

These financial statements are prepared in Bangladeshi Taka, which is the Company's functional currency.

**2.4 Use of estimates and judgments**

The preparation of financial statements in conformity with BAS/BFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis.

**2.5 Reporting period**

Reporting period of the Company cover for 9 (nine) months from 01 July 2016 to 31 March 2017.

**2.6 Comparative Information and Rearrangement Thereof**

In accordance with the provisions of BAS-34: Interim Financial Reporting, Comparative information has been disclosed for all numerical information in the financial statements and also the narrative and descriptive information where it is relevant for understanding of the current year/period financial statements.

Previous period figure has been rearranged whenever considered necessary to ensure comparability with the current period presentation as per BAS -8 " Accounting Policies , Changes in Accounting Estimated and Errors"

**2.7 Corporate Accounting Standards Practiced**

**BFRS**

BFRS-7	Financial Instruments : Disclosure
BFRS-10	Consolidated Financial Statements

### 3. Significant accounting policies

The accounting policies set out below have been applied consistently to all period presented in these financial statements.

#### 3.1 Property, plant and equipment

##### 3.1.1 Recognition and measurement

Property, plant and equipment are measured at cost or valuation less accumulated depreciation and impairment losses, if any. Cost includes expenditures that are directly attributable to the acquisition of the asset. It is carried at the lower of its carrying amount and fair value less cost. Any write-down is shown as an impairment loss. Cost includes expenditures that are directly attributable to the acquisition of the asset. Purchased software that is integral to the functionality of the related equipment is capitalised as part of that equipment.

##### 3.1.2 Subsequent costs

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the company and its cost can be measured reliably. The costs of the day-to-day servicing of property, plant and equipment are recognised in the statement of comprehensive income as incurred.

##### 3.1.3 Depreciation on property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation thereon. Depreciation is charged applying diminishing balance method on all fixed assets other than land and land development. Depreciation has been charged on addition when the related asset is available for use. After considering the useful life of the assets as per BAS-16, the depreciation rates have been applied as under which is considered reasonable by the management. No depreciation is charged on disposal made during the period.

Rates of depreciation on various classes of property, plant and equipment are as under:

<u>Category of property, plant and equipment</u>	<u>Rate (%)</u>
Furniture and fixtures	10
Building	5
Pre-fabricated building	10
Office and electrical equipment	10
Tools and equipment	10
Workshop	10
Vehicles	20
Plant and machinery	20
Others	10

##### 3.1.4 Impairment of assets

###### I) Financial Assets

Accounts receivable and others receivables are assessed at each reporting date to determine whether there is any objective evidence of impairment. Financial assets are impaired if objective indicates that a loss event has occurred after the initial recognition of the asset and that the loss event had a negative effect on the estimated future cash flow of that asset that can be estimated reliably. Objective evidence that financial assets are impaired can include default of delinquency by a debtor, indicates that a debtor of issuer will enter bankruptcy etc.

###### II) Non-Financial assets

An asset is impaired when its carrying amount exceeds its recoverable amount. The company assesses at each reporting date whether there is any indication that an asset may be impaired. If any such indication exists, the company estimates the recoverable amount of the asset. The recoverable amount of an asset is the higher of its fair value less cost to sell and its value in use. Carrying amount of the assets is reduced to its recoverable amount by recognizing an impaired loss is recognized immediately in statement of comprehensive income unless the asset is carried at revalued amount. Any impaired loss of a revalued asset treated as a revaluation decrease. During the period no impaired loss occurred to recognize in the Financial Statements.

#### 3.2 Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is valued at weighted average cost method and includes costs for acquiring the inventories and bringing them to their existing locations and conditions

### 3.3 Provisions

A provision is recognised on the balance sheet date if, as a result of past events, the Company has a present legal or constructive obligation that can be estimated reliably, and it is provable that an outflow of economic benefits will be required to settle the obligation.

In accordance with the guidelines as prescribed by BAS-37: Provisions, Contingent Liabilities and Contingent Assets, provisions are recognized in the following situations;

- when the company has an obligation (legal or constructive) as a result of past events;
- when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and
- Reliable estimates can be made of the amount of the obligation.

### 3.4 Capital works-in-progress

Capital-work-in-progress is stated at cost. These are expensed of a capital nature directly incurred in the construction of factory building. No depreciation is charged on the capital work in progress which is in accordance with BAS-16.

### 3.5 Earnings per share (EPS)

This has been calculated in compliance with the requirement of BAS-33 : Earnings per share by dividing the net earnings after Tax by the number of ordinary shares outstanding during the period.

Basic Earnings per share (Numerator /Denominator )

Earnings (Numerator)

\*This represents earning for the period attributable to ordinary shareholders

No. of ordinary shares (Denominator)

This represents number of ordinary share outstanding during the period.

#### Diluted Earnings per share

As per the existing conditions of the loans taken by the company from various financial institutions or other contracts with various parties including employees, there is no condition related to conversion or stipulation related to share based payments for material and services supplied by them to the company. Hence, Diluted EPS of the company is same as basic EPS.

### 3.6 Revenue

Revenue is measured at fair value of consideration received or receivable. Revenue from sale of goods and services is recognised when the company has transferred the significant risk and rewards of ownership of goods to the buyer and revenue and costs incurred to effect the transaction can be measured reliably in compliance with the requirements of BAS-18/ IAS-18 (revenue). In case of contract, the company recognise its sales on the basis of the completion of work or on the basis of work done by the company.

### 3.7 Trade receivables

Trade receivables at the balance sheet date are stated at amounts which are considered realisable.

### 3.8 Finance income and expenses

Finance income comprises interest income on funds invested and grant income from IDCOL etc. Interest income is recognised as it accrues. Finance expenses comprise interest expense on borrowings, bank charges and guarantee costs. All borrowing costs are recognised in the Statement of Profit or Loss and Comprehensive Income using the effective interest rate.

### 3.8 Cash and cash equivalents

It includes cash in hand and other deposits with banks which were held and available for use by the company without any restriction.

Cash flows from operating activities have been presented under direct method as per BAS-7.

### 3.9 Taxation

A provision for current tax @ 25% on net profit of the company has been provided during the period under review.

### 3.10 Deferred tax

Deferred tax liabilities are the amount of income taxes payable in future years in respect of taxable temporary differences. Deferred tax assets are the amount of income taxes recoverable in future years in respect of deductible temporary differences. Deferred tax assets and liabilities are recognized for the future tax consequences of timing differences arising between the carrying values of assets, liabilities, income and expenditure and their respective tax bases. Deferred tax assets and liabilities are measured using tax rates and tax laws that have been enacted or subsequently enacted at the financial statement date. The company has introduced Deferred Tax as per provision of BAS-12 (Income Taxes) during the period and comparative information has been re-stated accordingly.

### 3.11 Foreign Currency Transaction

Foreign currency transactions are recorded, on initial recognition in the functional currency at the spot exchange rate ruling at the transaction date.

At the end of each reporting period, in compliance with the provision of BAS 21: The Effects of Changes in Foreign Exchange Rates, are determined as under :

- (a) Foreign currency monetary items are translated using the closing rate.
- (b) Non-monetary items that are measured in terms of historical costs in a foreign currency are translated using the exchange rate at the date of the transaction.
- (c) Non-monetary items that are measured at fair value in a foreign currency is translated using the exchange rate at the date when the fair value is determined.

Exchange differences arising on the settlement of monetary items or on translating monetary Items at rate different from those at which they were translated on initial recognition during the period or in previous financial statements is recognized in profit or loss in the period in which they arise.

### 3.12 Related party disclosure

As per BAS 24: Related Party Disclosure, parties are considered to be related if one has the ability to control or exercise significant influence over other in making financial and operating decisions. During the period the Company made number of related parties transaction are given as annex ii/a.
